

Category	Requirements
2lSS	Two light leptons with the same charge
3lA	Three light leptons with at least an OSSF pair
3lB	Three light leptons with no OSSF pair
3lC	A pair of light leptons forming an OSSF pair and a τ_h
3lD	A pair of light leptons of different flavor and opposite charge and a τ_h
3lE	A pair of light leptons of same charge and a τ_h
3lF	A light lepton and two τ_h
4lG	Four light leptons with two OSSF pairs
4lH	Four light leptons with less than two OSSF pairs
4lI	Three light leptons and a hadronically decaying tau
4lJ	Two light leptons and two hadronically decaying taus, two OSSF pairs
4lK	Two light leptons and two hadronically decaying taus; one or zero OSSF pairs
